

AWES

2nd Annual Workshop on Embedded Systems

Call for Papers

Computer Technology Engineering Department at Al-Mansour University College and UrukTech Electronics Company, are glad to invite researchers, students, and practitioners to participate into one of the tracks of our event which will be held in Baghdad-Iraq by the sponsorship of CEES ACM Chapter - Iraq and the American Society for Engineering Education.

The Event covers all aspects of embedded systems. Theoretical and experimental papers, academic and industrial researches, preliminary results, recent techniques/technologies and new ideas, are accepted to initiate collaborations and to inspire new advances in embedded system era.

AWES 2018 aims to bring together researchers, students and practitioners from academia and Labor market focused in embedded systems on any engineering field. AWES 2018 provides a platform to report on recent developments, deployments, technology trends and research results, as well as to discuss and start initiatives related to embedded systems and their applications.

Topics covering industrial applications and academic researches of computer science, control engineering and applied electronics on embedded systems engineering are desirable on (but not limited to) any of the following tracks:

- Low Power Embedded Systems.
- Embedded System in Smart Home Applications
- Automation & Control Based Embedded Systems.
- Robotic Technologies
- Embedded Software.
- Industrial Embedded Systems.
- Embedded Systems Applications.
- Role of Embedded systems in IoT.
- Security in Embedded Systems.
- Systems Architecture Design.
- Embedded Systems Platforms.

Important Dates

- ◆ Manuscript Submission: 31 January -31 March, 2018.
- ◆ Notification of Acceptance: 10 April, 2018.
- ◆ Final Version (Camera Ready) Submission: April 15th, 2018.
- ◆ Workshop Date: 25th April 2018.

Important Notes

- Papers to be submitted via the workshop's online portal system, link below:
www.uruktech.com/iraq/AWES2018
- Submitted manuscripts should be in Microsoft word format (.docx), and according to the template available at link below:
www.utuktech.com/iraq/template
- The length of submitted manuscript restricted to the range of 4-10 pages.
- Proceedings will be available to all AWES2018 attendees and will be published online through ACM's website, Al-Mansour University's website and UrukTech Electronics Company's website.
- Knowing that, all accepted and presented papers of AWES2018 will be published in the "Scientific Research Journal for System Engineering (SRJSE)" in Volume 1, Issue 1, May, 2018.
